MESSAGE FROM M. W. THE GRAND MASTER

I am glad to learn that the Regional Grand Lodge of Western India has decided to hold its Special Meetings of Regional Grand Lodge of Western India on 28th and 29th September 2024 at Bhopal. Bhopal is the capital city of the State of Madhya Pradesh which is also known as the City of Lakes, due to presence of various natural and artificial lakes in the City. It is also one of the greenest cities in India.

The ethical foundation of Freemasonry, its moral content and social fabric make it respectable and honourable as well. Devoted to the services of God and man, Freemasonry had come to be preserved over the ages with greater strength, vitality and nobility. In the Western Region, RW Bro Subhash Laxman Saraf has taken over as the new Regional Grand Master. I am happy that the new Regional Grand Master has taken charge of the Western Region with a vision of service to humanity and development of the Region by increasing membership and also adding new stations. In this endeavour, he has started the project of awareness of the Thalassemia and decided to hold his first Half Yearly Meeting at Bhopal one of the most active Masonic Centre in Western Region. There are many Masonic stalwarts in Bhopal and I am sure with the presence of so many seasoned Masons this meeting will be a grand success. The choice of V W.Bro.Girish Wagh as Organizing Chairman and W.Bro Kapil Deo Sharma as Organising Secretary is an excellent choice and I wish and hope under their leadership Organising Committee will do a good job.

The Brethren of Bhopal, have, time and again, proved their capability in organizing such events, I am confident, they will rise up to the occasion once again and justify to confidence reposed in them by their Regional Grand Master in making this event a great success and one to be remembered by those attending the meet for a long time to come.

I wish them all success in their endeavours.

MESSAGE FROM R. W. THE REGIONAL GRAND MASTER

It is my great pleasure to welcome you all to the Special Meetings of the Regional Grand Lodge of Western India to be held at Bhopal on 28th and 29th of September 2024. It is with immense gratitude that I greet each of the Delegates and I hope that your stay in Bhopal for these Meetings will be a memorable experience for all of you.

The city of Bhopal is a vibrant city making it a unique and dynamic place in the heart of India. The city's architectural heritage and cultural significance, particularly its arts, crafts, and cuisine, make it a remarkable and inspiring location for the Special Meetings of the Regional Grand Lodge of Western India.

Brethren, during my last visit to Bhopal, it was a pleasant experience to note the commendable Charitable activities undertaken by the Brethren of Bhopal e.g. Dhanya Dan project at Cancer hospital, Thalassaemia Awareness programme at Government hospital, supporting an Orphanage etc. I earnestly request everyone to support the project Thalassaemia Awareness Programme not only financially but also, by conducting / arranging lectures at all the Centres in small group of people of the Society, starting with the Brethren and their families. Let us strive to make our Nation Thalassaemia Free.

I would like to extend my appreciation to the Organizing Committee under the leadership of V. W. Bro. Girish Wagh, Chairman, and W. MESSAGE FROM R. W. THE DEPUTY GRAND MASTER

*My dear brethren,
Fraternal greetings,*

Bhopal, known as the city of Lakes, has once again been chosen to host the Special Meeting of the Regional Grand Lodge of Western India in the last week of September.

The spirit and enthusiasm of members Bhopal fraternity and their oft-proven capability of holding big meetings has encouraged RW Bro Subhash Saraf, RW the Regional Grand Master, to select this city as the venue of this year's Special Meeting (Half Yearly meeting) of the Western Region. I am confident that the enthusiasm and positive energies of the brethren of Bhopal under the able chairmanship of VW Bro Girish Wagh and with the guidance of very senior and matured RW Bro JN Chaudhary, will make this event a great success and prove the confidence of their RGM right.

It has been a pleasure for me to have been associated with the Freemasons of Bhopal for more than 8 years now. My professional engagements keep taking me to Bhopal very often – almost once a month. During these visits, after grueling professional work during the days, the evenings are well spent with the masons across the Lodges. Due to their multiple membership their camaraderie is superb. They take Ritual seriously; they enjoy the fellowship like the way it should be after good and meaningful labour. Above all they regularly indulge in Charity work.

I wish the Steering Committee of the Meetings all the success in making this event enjoyable to all coming to attend.

It won't be surprising that, very soon, the Bhopal Masonic fraternity is given the opportunity to host the Annual Meeting of the Region and also an Annual Festival of the Grand Lodge of India.

The immaculate beauty of the numerous lakes, surrounded by matured green trees and plants, is going to charm the Freemasons from various parts of the country who will converge into the capital of Madhya Pradesh. While the two bigger lakes – Upper Lake (Bhojtal, named after Raja Bhoj, who developed the lake) and Lower

Lake (Chhota Talab) invite you to indulge in water sports and cruise, the sheer beauty of the other lakes, which can be seen along various roads of the city, enthrall the visitors.

Its not just the lakes. The city also is a home to various museums (Bhopal Central Museum, Museum of Tribal Art, the Manav Sangrahalaya – Museum of Mankind, the Birla Museum and many more). The famous Bharat Bhawan is a home to world renowned artists and literary figures. While the brethren are coming to Bhopal, I recommend that they should keep some extra days as the city has many places around it which have been enthralling the tourists – Pachmarhi, a hill station; Indore – city of Holkars; Ujjain – the abode of Mahakal; Buddhist monuments of Sanchi; Bhimbetka – known for its rock caves exhibiting the earliest traces of human life in Indian sub-continent. The list is long. Welcome to the vibrant city of Bhopal, welcome to the city that is home of very vibrant masonry.

MESSAGE FROM W. THE DEPUTY REGIONAL GRAND MASTER

*My Dear Brethren,
Fraternal Greetings!*

The Brethren of Bhopal, under the able stewardship of V.W. Bro. Girish Wagh and new team of ARGM's W.Bro. Prabhat Kumar, W.Bro. Prakash Gangrade and W.Bro. Kapil Deo Sharma, JW and Organising Secretary, have once again extended their legendary hospitality in hosting the Special Meeting of the Regional Grand Lodge of Western India on 28th and 29th September 2024 at Bhopal.

I have taken away many fine memories of Masonic Meetings at Bhopal including its hospitality and traditional welcome in poetic words and hope to add many more to these first of my meetings after being installed as the Deputy Regional Grand Master of Western India.

We look forward to witness the various awards being presented to the talented Brethren, young and old.

There are quite a few of the historical monuments and places in and around Bhopal. At the same time the scenic beauty of nature all around rightly gives Bhopal the name "City of Lakes". I am sure the brethren will plan tour around the city and take advantage of this special meeting and visit them.

While urging all brethren to register and attend it is worth remembering that as always, our Masonic ladies are an integral part of our lives and their participation in our fraternal celebration is always solicited. History has witnessed that for many generations the erstwhile kingdom of Bhopal was ruled by a succession of Begums. This alone should encourage the attendance and participation of ladies at the festivities accompanying the forthcoming event.

I wish the Organizing Committee a great success.

WELCOME TO THE CITY OF LAKES

Bhopal : A City of lakes

History : According to folklore, Bhopal was founded in the 11th century by the Paramara king Bhoja, who ruled from his capital at Dhar. This theory states that Bhopal was originally known as Bhojpal after a dam (pal) constructed by the king's minister. An alternative theory says that the city is named after another king called Bhupala (or Bhupal). According to yet another version, Raja Bhoj suffered from leprosy. His physician advised him to build a lake with water from 365 rivers and take daily bath in it. When such a lake was built, it was called Bhoj Tal [or Bhoj's lake]. Gradually people started calling the city Bhojpal, and. In the early 17th century, Bhopal was a small village in the Gond kingdom. Then Bhopal was ruled by Begums and Britishers. After Freedom of India, Madhya Pradesh formed with capital as Bhopal.

Bhopal is the capital city of the Indian state of Madhya Pradesh and the administrative headquarters of both Bhopal district and Bhopal division. It is known as the City of Lakes, due to presence of various natural and artificial lakes near the city boundary. It is also one of the greenest cities in India. It is the 16th largest city in India and 131st in the world. After the formation of Madhya Pradesh, Bhopal was part of the Sehore district. It was bifurcated in 1972 and a new district, Bhopal, was formed. Flourishing around 1707, the city was the capital of the former Bhopal State, a princely state of the British ruled by the Nawabs of Bhopal until India's independence in 1947. Bhopal has a strong economic base with numerous large and medium industries operating in and around the city. Bhopal is considered as one of the important financial and economic destinations in Madhya Pradesh's two strong wealth pillars, the other being Indore. Bhopal's GDP (nominal) was estimated at INR 44,175 crores (2020–21) by the Directorate of Economics and Statistics, Madhya Pradesh. A Y-class city, Bhopal houses various educational and research institutions and installations of national importance, including ISRO's Master Control Facility, BHEL and AMPRI. Bhopal is home to a large number of institutes of National Importance in India, namely, IISER, MANIT, SPA, AIIMS, NLIU, IIFM, NIFT, NIDMP and IIIT (currently functioning from a temporary campus inside MANIT). Bhopal city also has Regional Science Centre, one of the constituent units of the National Council of Science Museums (NCSM).

Bhopal has a moderate climate with many lakes and hills.
